

## Product Description

**Anglomoil Auto Transmission Type 95** is an automatic transmission fluid specifically formulated to suit the BTR Engineering Models 85 and 95. These 4-speed electronically controlled automatic transmissions are used in Ford Falcon and Fairlane models.

## Product Features & Benefits

**Auto Transmission Type 95** is recommended for the 4-speed electronic automatic transmissions as equipped in the Ford Falcon and Fairlane cars dating from 1989.

**Auto Transmission Type 95** provides:

- Outstanding gear-set wear protection.
- Stable friction characteristics.
- Excellent viscosity stability for consistent shift feel with “smooth gear shifting characteristics”.
- Excellent transmission cleanliness characteristics.
- Friction characteristics tailored to suit the BTR Engineering 4-speed electronic control transmissions.

## Additional Information

**Auto Transmission Type 95** meets the requirements for:

BTR 5M-52	Ford Mercon
Type A Suffix A (TASA)	Volvo 97325
GM Dexron II	Caterpillar TO-2

## Typical Characteristics

Specific Gravity @20°C	0.865
Viscosity @ 40°C	33.6cSt
Viscosity @100°C	6.81 cSt
Viscosity Index	168
