

# Roadmaster Signature F Plus

## SAE 5W/30

### Product Description

**Anglomoil Roadmaster Signature F Plus 5W/30**, is an Ultra High performance synthetic mid-SAPS engine oil, which was especially developed for the requirements of the Ford specification WSS-M2C-913-C. It is characterised by highly improved lubricating properties and provides greater Fuel Economy.

### Product Features & Benefits

#### Anglomoil Roadmaster Signature F Plus 5W/30

- Is a fully synthetic, fuel efficient multigrade engine oil meeting the latest Ford specification. It is formulated with synthetic base stocks and the very latest in advanced additive technology
- Has excellent oxidation stability for both high temperatures and extended drain
- Provides excellent fuel efficiency and easier starting due to its low viscosity and improved frictional characteristics
- Has excellent shear stability so that it will stay in grade throughout the recommended oil drain period
- Uses synthetic base stocks for better oxidation stability and providing lower oil volatility minimising oil usage

### Application Information

#### Anglomoil Roadmaster Signature F Plus 5W/30 is

- Suitable for normally aspirated and turbocharged, petrol and diesel vehicles, particularly the more modern ones
- Recommended for use in all Ford engines where the latest Ford WSS-M2C-913-C specification is specified
- Miscible with all synthetic and mineral based engine oils
- Stable, stay-in-grade oil intended for use at extended drain intervals in high performance gasoline engines and car & light van diesel engines designed to be capable of using low friction low viscosity oils with a High Temperature/ High shear rate (HTHS) viscosity of 2.9 to 3.5 mPa's.
