

## Product Description

**Anglomoil Angloplex Grease** is a premium, lithium complex lubricating grease. This multi-purpose lithium complex grease has a high dropping point in excess of 500°F, which insures retention where high temperatures are encountered. This product has been formulated with a special additive package which insures high film strength, extreme pressure (EP) and anti-wear properties. The high quality virgin base fluids provide excellent natural oxidation inhibition. This combined with effective anti-oxidants as well as corrosion inhibitors provide extra stability under storage and extreme service conditions. anti-wear properties.

**Meets NLGI Certification GC-LB.**
