

10/04/2014 reference H3256-69

AngloDesign Pty Ltd, 2 Beaumont Road, Mount Kuringai, Sydney, NSW 2080 Australia 612 945 78566

Global Proficiency Ltd for AsureQuality Ltd, Ruakura Research Centre, Hamilton East, P O Box 20474 Hamilton.

To whom it may concern,

(Product list follows) e.g. Anglomoil SFG Food Grade Compressor oil ISO 46 & 68

- Product type: lubricant oil
- Product use: for: food areas, incidental contact

"Passed AsureQuality assessment for food/beverage/dairy factory incidental contact" H3256 with conditions. (This assessment was prepared by Global Proficiency Ltd using HACCP principles to determine equivalence with food standards listed below. See http://assessedproducts.asurequality.com/ This supports food Risk Management Programmes & other endorsements that may apply to this product include MPI regulated farm dairy approval, MPI dairy factory endorsement, MPI regulated non-dairy animal product approvals, EPA HSNO-OSH-environment approval (& previously AQIS).

Conditions: use per instructions of a minimum quantity as release agent, lubricant with potential exposure, & protective film - latter washed or wiped to prevent transfer). Dairy transfer low e.g. <1% x values for 21CFR food limits of hydrocarbon <10 mg/kg, silicone if present <1 mg/kg & no microbiological inhibition as permitted & not prohibited see references.

General conditions:

- The product is to be used according to Manufacturer's Instructions (reflecting the assessment etc), Good Manufacturing Practice (GMP), and applicable legislation.
- Usage and carry-over to food should be minimised to ensure food function or composition are not affected, that residues are within applicable Maximum Residue Limits (MRLs/MAVs), and that food legislation requirements are met.
- The assessment is subject to notification of change (e.g. in formulation, raw materials or instructions) and expires on 10-04-2019.
- The full report is attached for supplier review and verification. The assessment is activated by countersigning.

Prepared by Global Proficiency for AsureQuality Ltd...

Supplier:

R99 Hushimm Date: 19/5/14

Scope and purpose of the assessment:

- Asurequality assessment is a non-regulated, voluntary, and evidential certification by the supplier demonstrating
 equivalence with food safety standards, and also that product instructions address hazards for staff & equipment. The
 assessment is independently confirmed, without prejudice or guarantee, using information submitted by the supplier or
 from other sources. Confidentiality of the product formulation is maintained using coded material identifiers in the report,
 and appendices containing confidential information are provided only to the supplier.
- Scope: NZ checks (FSANZ, US FDA 21 CFR/ NSF, Food Chemicals Codex, EPA NZ, EU, French culinary listings or related data for equivalent safety). NZ background (Animal Products Act, Risk Management Programmes. Detergent & Sanitiser Manufacturer's Code of Practice) Detergent & Sanitiser Standards and Analytical Methods. Quality Manual -Assessment Procedures

	information		

- Food safety (per table & incidental-contact use)
- QA (& QC) (Manufacturer has NSF registration to ISO 21469 & products may carry NSF mark).
- Instructions: sample previously sighted consistent with NSF/this assessment
- Unwanted effects (HSNO/ environmental safety per HSNO EPANZ scope & MSDS. Production effects per limits placed on incidental contact.
- Efficacy (n/a for food safety).

9 Attachments:

• NSF listings (cross-registered) and we had compared examples of formulas & instructions vs 21CFR ok.

10/04/2014 reference H3256-69

AngloDesign Pty Ltd, 2 Beaumont Road, Mount Kuringai, Sydney, NSW 2080 Australia 612 945 78566

Global Proficiency Ltd for AsureQuality Ltd, Ruakura Research Centre, Hamilton East, P O Box 20474 Hamilton.

Dear Michael Croasdale,

This is a covering letter only. Please find attached your assessment report for any questions of suggestions. The invoice and the web listing will follow.

(Product list follows) e.g. Anglomoil SFG Food Grade Compressor oil ISO 46 & 68

- Product type: lubricant oil
- Product use: for: food areas, incidental contact
- Status: passed AsureQuality assessment \$480 + GST credited NSF 132400 & 132399 web verifiable & list at 02/05/12 following earlier assessment vs 21 CFR

"Passed AsureQuality assessment for food/beverage/dairy factory incidental contact" H3256 with conditions. (This assessment was prepared by Global Proficiency Ltd using HACCP principles to determine equivalence with food standards listed below. See http://assessedproducts.asurequality.com/ This supports food Risk Management Programmes & other endorsements that may apply to this product include MPI regulated farm dairy approval, MPI dairy factory endorsement, MPI regulated non-dairy animal product approvals, EPA HSNO-OSH-environment approval (& previously AQIS).

Conditions: use per instructions of a minimum quantity as release agent, lubricant with potential exposure, & protective film - latter washed or wiped to prevent transfer). Dairy transfer low e.g. <1% x values for 21CFR food limits of hydrocarbon <10 mg/kg, silicone if present <1 mg/kg & no microbiological inhibition as permitted & not prohibited see references.

General conditions:

- The product is to be used according to Manufacturer's Instructions (reflecting the assessment etc), Good Manufacturing Practice (GMP), and applicable legislation.
- Usage and carry-over to food should be minimised to ensure food function or composition are not affected, that residues are within applicable Maximum Residue Limits (MRLs/MAVs), and that food legislation requirements are met.
- The assessment is subject to notification of change (e.g. in formulation, raw materials or instructions) and expires on 10-04-2019.
- The full report is attached for supplier review and verification. The assessment is activated by countersigning.
